

City of Loma Linda Official Report

Floyd Petersen, Mayor
Stan Brauer, Mayor pro tempore
Robert Christman, Councilmember
Robert Ziprick, Councilmember
Charles Umeda, Councilmember

COUNCIL AGENDA: September 27, 2005

TO: City Council

VIA: Dennis R. Halloway, City Manager 

FROM: T. Jarb Thaipejr, Public Works Director/City Engineer 

SUBJECT: Award Contract for Water Service and Meter Replacement

RECOMMENDATION:

It is recommended that the City Council award the contract for water service and meter replacement to TK Construction of Rimforest in the amount of \$107,985 and authorize a contingency allocation of \$11,000.

BACKGROUND:

The City is in the process of upgrading water meters to have radio read capability. Additionally, certain areas had originally installed poly-pipe services. These services have been experiencing an increasing number of leaks in recent years. The City Council approved budget items addressing these issues.

ANALYSIS:

Three bids were received and publicly opened on September 13, 2005. Bids ranged from a low \$107,985 to a high \$174,830 (see attached bid summary). The low bidder, TK Construction of Rimforest, has satisfactorily completed previous projects for the City. It is not unusual for a construction project to experience the need to add or reduce the quantities of work items or the scope of work as field conditions dictate. This is generally caused by unforeseen circumstances or work needed to maintain the integrity of the project. Therefore, Staff recommends an allocation of $\pm 10\%$, \$11,000, of the construction amount for such circumstances.

FINANCIAL IMPACT:

Funding will be provided from account 65-7010-8500, Replace Water Service Laterals, \$47,985 and account 65-7030-8220, Replace Water Meter, \$ 60,000.
